Participating Institutions
The residency training program utilizes six hospitals to provide a varied experience. These include University Hospital (UH) [http://www.universityhealthsystem.com/], the VA Medical Center (ALMVAH) [http://www.southtexas.va.gov/], Santa Rosa Medical Center (SRMC) [http://www.christussantarosa.org/], Santa Rosa City Center (SRCC), and Southwest Methodist Hospital (MH) [http://www.sahealth.com/]. The University Hospital is the full service public hospital for Bexar County including the main level-1 trauma center in San Antonio. The Audie L. Murphy VA Hospital Complex includes the inpatient surgical wards, the largest outpatient Urology clinic in the medical center, the spinal cord unit and extended care facilities. The Santa Rosa Health Care System includes both the downtown city center (SRCC) and the northwest medical center (SRMC) hospitals. The SRCC location is the main site for the pediatric urology rotation. The Methodist Hospital complex includes Methodist, Methodist Specialty & Transplant and Methodist Children’s Hospitals.
