Geriatric Urology Symposium

2011
Geriatrics for Specialty Residents
American Geriatrics Society
First of All – Thanks!!!

• Dr. Anjana Lal & Dr. Greg Larsen
• Ms. Stephanie Radassao
• Myra Joseph, RN
Geriatric Urology Education

• Goals:
  – Improve Understanding of Geriatric Patients
  – Develop a Curriculum for Urology Programs
  – Demonstrate the Effectiveness of the Curriculum
Geriatric Urology Education

• Goal #1:
  – Improve Understanding of Geriatric Patients

• Objectives:
  – Identify areas of knowledge deficit/unfamiliarity
  – Provide the framework for geriatric education
  – Develop defined content for dissemination
Geriatric Urology Education

• Goal #2:
  – Develop a Curriculum for Urology Programs

• Objectives:
  – Apply defined content to a curriculum outline
  – Develop hands-on rotations to generate clinical experience
  – Integrate the curriculum into the general urology training program
  – Develop a mechanism of dissemination of the curriculum content
  – Demonstrate widespread acceptance of the curriculum in urology programs
Geriatric Urology Education

• Goal #3:
  – Demonstrate the Effectiveness of the Curriculum

• Objectives:
  – Short-term memory improvement demonstrated after first symposium
  – Demonstrate improved overall outcomes in clinical care
Tools for Curriculum Development

• POGOe

• Grove Site
Geriatric Urology

• National Efforts:
  – AUA Curriculum
    • Geriatrics

• Our Efforts so far:
  – Geriatric Urology Symposia
Geriatric Urology

• Future Directions
  – Integration of resources into curriculum
  – Maintaining current information/updates
  – Development of assessment tools to judge curriculum success
